Assignment:

- Task1
- Write a script that takes from the user n values and returns their sum, stop receiving values from user when he enters 0 or sum exceeds 100, check that the entered data is numeric and inform the user with the total sum of the entered values. (use do while loop)

- Task2
- On your page, show alert for the user that say "Welcome to my site", then show him prompt ask him to enter his name The user has to choose either (red, green or blue color), take his choice via prompt and write to the page "welcome + his name"

- Task3
- Ask the user to enter a message then display it using the different html heading tags (from <h1> to <h6>) using Loops.
- DO NOT write the header element explicitly in your script.
